- Wireless or Wired !
- 720p ! Night vision !
- Motion sensor !
- Android / iPhone App !

Support:  [Manual \[EN\]](#) |  [App Screenshots](#)

This door intercom scores with intelligent technology and easy handling. Attach the module to a wall. For power supply you need either an 8-24VDC power supply or 2x rechargeable 18650 batteries. Now install the Android or iPhone app "ToSee" and you can connect to the door module (with its own Wi-Fi hotspot). Through the app, you can see the video image, use the intercom system, take pictures and be notified when the phone rings. If necessary also as soon as movements are registered in front of the camera.

Features:

- * Wireless Battery Powered Smart Doorbell Camera
- * Low power consumption, 6~8 Month's endurance with 2 units of 18650battery
- * HD 720P Image Quality, support night vision, camera view angle covers 166°
- * PIR motion sensor with 120° detection angle , accurate motion detection
- * Support WiFi, Free P2P cloud service, push alarm to mobile via Android/IPhone App.
- * Support 2-way Audio Communication, answer your door wherever you are.
